Executive Director Report

Executive Director Clarke updated the Board on MSHDA guidance regarding program income and grant close out for NSP2. Eight months remain before the expenditure deadline for this grant. If the state consortium is successful in expending the original amount of the grant, it may be possible for consortium members to keep program income locally. MSHDA is still developing formal guidance on this issue and is likely to release further information in the fall.

Clarke provided the board an update on property sales which continue to be strong with sixteen homes sold and several pending offers as well as continued side-lot sales. Clarke reported the additional new builds on the north side have commenced construction. Clarke noted a tour of properties would be available after the meeting to view this and other work.

Vice Chair Kisscorni moved to adjourn the meeting. Treasurer Dorgan seconded the motion. The meeting adjourned at 8:50 a.m.

Respectfully submitted,

Cari DeLong, Secretary
