Contracts awarded under this RFQ shall be for a period of one year, with the option to extend for up to two one-year periods.

# Scope of Work

The Land Bank is soliciting quotes for property mowing, edging, trimming, weeding, bush trimming (if needed) and seasonal clean-up for lots with structures. These quotes shall be on a time. These jobs will be on an weekly basis for mow and as needed basis for edging, trimming, weeding, bush trimming or as-requested basis at the request of the Land Bank. Any trash dumping will be charged at cost and receipts from the transfer or dump station must be submitted along with the invoice for the work. The following are examples of work commonly requested but are not all-inclusive.

- Mowing of Occupied Parcels at the request of the Kalamazoo Land Bank
- Debris removal prior to any mow services
- Any large removal of items that cost more than the standard rate provided on the bid form must be approved by the Kalamazoo Land Bank prior to removal
- Overgrown Areas/Lots; Contractor shall promptly notify Land Bank of overgrown lots or areas of tall grass or weeds (over twelve inches in height). As authorized by Land Bank, such areas shall be cut down to a height which will allow future regular mowing, and that yard waste shall be removed from the site by the mowing contractor.
- <u>Prior to each mowing</u>, contractor shall remove from each site scattered trash, garbage, and brush (equivalent to one standard yard waste bag or less per site).

- <u>Abandoned or illegally parked cars, large items</u> like tires or furniture, or large piles of trash/garbage/brush on any site shall be promptly reported to Land Bank for removal by others. Such removal is not the responsibility of the mowing contractor.
- Mowing shall include all grass areas of each property, leaving the property in a clean and orderly state.
  - Mowing shall include curb lawns and interior property areas.
  - Typically, property line to property line for vacant lots, unless heavily wooded.
  - Front, back, and sides of properties with structures.
  - Any grass clippings discharged onto sidewalks, drives, or adjacent property shall be removed prior to contractor leaving the site.

NOTE: If an assigned property was accidentally, missed, or not mowed properly, the contractor will be expected to mow the property as soon as they are made aware of the error at no additional charge. If the property had not been assigned for mowing during the regular round, the Land Bank will assign it as soon as they are aware of the need for mowing. In such cases, the contractor will mow as soon as practical and invoice separately at the regular mowing rate (unless the grass longer than 12 inches, in which case they will charge the rate for an overgrown lot mow).
